

Job Title: Project Architect

Job Description

Erickson McGovern Architects (EMA) is looking for an experienced Project Architect to join our dynamic team in Tacoma, WA.

The ideal candidate for this role is able to lead a project through all phases including; schematic design, design development drawings, permit drawings and construction documents. You are knowledgeable about the construction of new buildings and the alteration of existing buildings and facilities. Additionally, you are able to coordinate and communicate consistently with managers, consultants, and other team members regarding project design and status.

With more than 40 years of experience in design, planning and construction administration, Erickson McGovern Architects (EMA) provides full-service architectural services with a K-12 education focus. We provide a great working environment and an excellent benefits package. Come join our team!

Additional Desired Attributes:

- Positive attitude
- Strong work ethic
- Team player
- Strong sense of pride and care for your work
- Ability to adhere to deadlines, multi-task, prioritize requests and fulfill last minute requests

If you think that you might be a fit for this position, we'd like to hear from you! Please send your resume and cover letter, outlining relevant experience, to info@ericksonmcgovern.com.
